

AFRICAN HOPE LEARNING CENTRE

2024

OUR STORY

African Hope Learning Centre (AHLIC) has been actively operating for 25 years now, having been established in 1998. AHLIC is located in a relatively small building that once housed a family of 8 in the greater Cairo area. Every possible space is utilized, with both morning and afternoon shift in order to accommodate the many students who have sought refuge in Egypt due to war, violence and persecution in their home countries.

AHLC is a safe place of learning for more than 350 refugee children, kindergarten (KG) to Grade 8, from over 9 different African nations. It is here where students receive instruction in core subjects, character training, Christian education, have access to basic health care and are guaranteed a nutritious, hot meal each day.

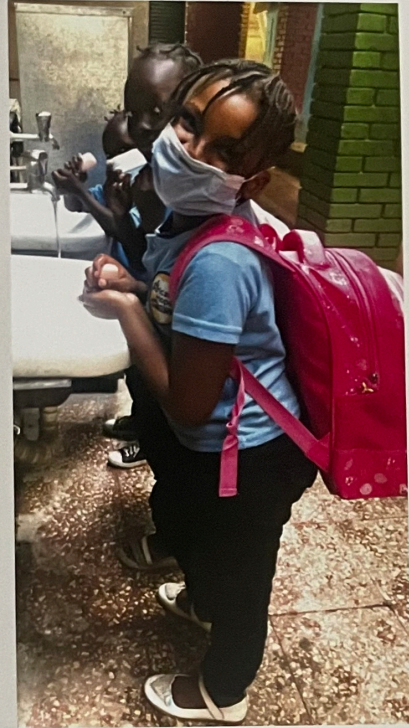

EXPENSES

School fees are kept as low as possible, covering 30% of running costs, in order to welcome the most children while respecting their unique economic situation. The remaining 70% of our expenses are raised through fundraising activities, and from individual donations. AHLC is a not-for-profit charity. Your investment can make a huge difference in a child's life while enabling us to keep our doors open.

Special thanks to KESPRES church for your partnership with African Hope Learning Centre, as you invest in the lives of our students.

School budget each month (for 2024) is \$13,000 USD,
(which includes salaries for 34 staff, and rent expenses)

Child Sponsorship per year: \$150 USD

Serving together in the service of The King,
Chris & Bev, serving with **MECO Canada**
